

Flexam® Sterile Nitrile

Powder-Free Sterile Nitrile Examination Gloves

Flexam® Sterile Nitrile examination gloves offer all the comfort and protection of our Stretchy Nitrile gloves, but are sterilized. They're soft and flexible, don easily and feel natural while in use. They also provide the high level of protection you need in demanding clinical situations. They deliver freedom of movement and tactile sensitivity. Flexam® Sterile Nitrile examination gloves are available in either singles or pairs.

Features and Benefits:

- Stretchy nitrile formulation conforms to hands
- Microtextured surface for a sure grip
- 11 in. beaded cuff helps provide added protection
- Appropriate for those with natural rubber latex sensitivity
- Tested for use with numerous chemicals and chemotherapy drugs*
